Polio antibody testing - update

The global eradication of wild Poliovirus type 2 was announced in September, 2015. This is great news but it also means that starting August 1, 2016 Poliovirus type 2 vaccination virus can no longer be used in the neutralization test. Therefore, we cannot offer antibody testing for Poliovirus type 2 anymore.

Please note that the following tests are still available:

Poliovirus Type 1 Antibodies

Poliovirus Type 3 Antibodies

Material:	1 ml serum each
Method:	Neutralization assay
Turnaround time:	5-7 days
Source:	RKI: Epidemiological Bulletin No. 24, 20 June 2016
